

Dear Paul,

August 2001

Larry and I want to extend a special thanks to you and your staff for yet again helping us to entertain so eloquently. You have once more provided your excellent services and our guests have enjoyed each event enormously.

The brunch last Sunday following our daughter Glison's marriage Saturday to Andy Unger was another appreciated affair. Though the weather kept the celebration indoors, the beautiful buffet was savoured by everyone. We were able to visit with family and out-of-town guests while Anita and Mirella capably handled all aspects of serving the delicious menu. Hospitality made easy with your welcome assistance!

It has been a pleasure to know you over the years and work on some special occasions both personally and professionally. We look forward to our continued association. Sincerely
Barbara Ashon
